

LineVoltPRO™ 7000

Digital Non-Programmable Electric Heat Thermostat

Honeywell

Honeywell's LineVoltPRO™ 7000 delivers the features that matter most in a non-programmable thermostat: precise comfort control, an easy to read backlit display, and a contemporary design to fit your lifestyle.

LineVoltPRO™ 7000

CONSISTENT, CONTEMPORARY COMFORT CONTROL

Soundproofed for Quiet Operation —
Reduces the clicking noise commonly heard with conventional thermostats.

Heating Indicator —
At-a-glance confirmation that the heat is on.

On-Demand Backlight —
Easy to read in various lighting conditions.

Peace of Mind —
On/Off switch allows you to turn the thermostat off at the end of the heating season.

#1 Choice of Homeowners —
Honeywell is the leading brand in temperature control.

Electronic Temperature Control — Precision of $\pm 1^\circ\text{F}$ saves up to 10%* on heating bill.

5-Year Limited Warranty

Maintenance Free —
No batteries required.
